

RETURN POLICY

PLEASE READ: The vast majority of our customers are amazingly honest people. Thank you! Unfortunately, recently, we have seen a rise in the number of customers who purchase **The Original Slick Wheelie™**, use it, and then attempt to return it. This is an abuse of our return policy and not how it is intended to be used. Per **The USA Trailer Store™** Return Policy, “We accept returns on new products only.... Products must be returned ..., unused and in new sellable condition.... All returned items are subject to inspection for damage before refunding”.

We understand that it may be necessary to place the front wheel of the motorcycle into the cradle before you tow your bike. However, we can tell the difference between fitting and using the product. In the event that we determine that the product has been used, the customer will not receive a refund.

We feel that our 30 day return policy is a generous one. It is intended to enhance our shoppers’ experience, but when it is abused; our ability to offer it; our ability to keep our prices low; and the abuser’s standing within the eBay community are all put in jeopardy. Therefore, please thoroughly read our return policy **BEFORE** you fit or use **The Original Slick Wheelie™**. The policy can be found on our website under Terms and Conditions at the following address: www.theusatrailerstore.com/terms-and-conditions/.
